Contents

1. Goal, success numbers and weekly themes

2. Month at a glance

3. Day-by-day plan

4. Templates

5. Rules checklist (apply before every post)

Monday 12 October to Tuesday 10 November 2026. Built from section 5 of `reports/CRENT launch legal and marketing.md` (positioning, launch sequence, channels, the 12 post concepts, video briefs, budget plans, KPIs) and `docs/feature-research.md` (idea board, results loop, public track record, researcher levels, swipe file, brief templates).

The brand name is still being decided. Every mention is written as `{Brand}`; search-and-replace once the name clears the checks in section 6 of the report. Until then do not put the name on any registration form, handle or ad account.

Global rules that apply to every item below:

- Never publish an invented testimonial, earnings figure, view count or count of researchers. Anything in `[square brackets]` must be replaced with a real number from the app or deleted along with its sentence.
- Every researcher-facing post (Instagram, Facebook Page, Facebook groups, TikTok, OnlineJobs.ph, email) ends with the legitimacy block: `{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].` The design asset `R2-legitimacy-block.png` goes on the last slide of every researcher carousel and in the corner of every researcher static.
- Instagram hashtags: 5 maximum. Facebook, LinkedIn and TikTok reuse the same five or fewer.
- Captions under 2,200 characters; first line under 125 characters and written as a hook.
- Do not use the word "escrow" anywhere. Say "funds held by our payment partner until you approve".
- Taglish only inside researcher captions. Creator captions in plain English.
- Posting windows: researcher content 8–10 PM PHT (Wednesday and Friday strongest); creator content Tuesday to Thursday 9–11 AM ET. Until 1 November, 9 AM ET is 9 PM PHT; from 2 November (US clocks fall back), 9 AM ET is 10 PM PHT.
- Stories: 1–2 a day on each account, one line of direction per day below.

1. Goal, success numbers and weekly themes

Goal for the month. Leave 10 November with a liquid marketplace in two niches (personal finance and fitness): enough verified Philippine researchers that every brief gets pitches within 48 hours, enough listed ideas that a founding creator who funds a \$20 budget has something worth unlocking, and at least a handful of real, logged results that the second month's content can be built on. The report's order holds: supply first, legitimacy as the hook on the Philippine side, zero paid spend unless the free channels fall short at the Day 12 review, and Product Hunt deferred until roughly 100 researchers and 200 live ideas exist (likely month 3).

The three numbers that define success (from the report's KPI section):

#	METRIC	TARGET BY DAY 30	SOURCE OF TRUTH
1	Fill rate: share of briefs that receive 3+ pitches within 48 hours	80%	App database (briefs, pitches, timestamps)
2	Supply funnel: researcher applications → approved → first idea listed within 7 days	[50] approved researchers in two niches, with ≥60% listing an idea within 7 days of approval (applications target 40–100 on the ₱0–₱10K plans)	App database, OnlineJobs.ph inbox, Facebook group

#	METRIC	TARGET BY DAY 30	SOURCE OF TRUTH
3	Demand funnel: waitlist signups → free-unlock redemption → first paid unlock	50–150 waitlist signups, [20] founding creators funding a first budget, [5] with a logged result	Waitlist tool, PostHog, UTM links, app database

Secondary numbers logged every Friday: time to first pitch, share of listed ideas unlocked within 14 days, dispute and refund rate, cost per application (if ads run), results logged per unlocked idea.

Weekly themes. These match the brief and are consistent with the report's sequence (weeks 1–4 supply first, then founding creators). The one adjustment: the report says creator recruitment starts in week 4, so creator-side posts in Weeks 1–2 are waitlist-building only (no offer, no urgency) and the founding-creator push begins Week 3 once house briefs are filled and the first proof exists.

WEEK	DATES	THEME	WHAT "DONE" LOOKS LIKE ON SUNDAY
1	12–18 Oct	Supply and legitimacy	OnlineJobs.ph listing live, own FB group open, admin permission in 2–3 large groups, first 20 applications, first approvals, waitlist page live
2	19–25 Oct	Education and first house briefs	5–10 house briefs funded in two niches, every approved researcher has pitched at least once, onboarding webinar held, filter and brief template published
3	26 Oct–1 Nov	Founding creators and proof	Founding-creator email sent, first consented proof (C4) published or honestly deferred, first testimonial Reel recorded, UGC educators approached
4	2–8 Nov (+9–10)	Referral and agencies	Referral ladder live on both sides, 30 agency DMs sent with the one-page PDF, Results Monday cadence established, month review and month-2 plan

2. Month at a glance

Owners: **Founder** (writes, posts, replies, DMs, email, ads), **Designer** (Canva/Figma statics and carousels, legitimacy block, PDF), **Editor** (Reels, screen recordings, captions burned in). Concept ids C1–C6 and R1–R6 are the report's twelve; N- ids are new captions written in this document.

3. Day-by-day plan

Format for each day: posts in full (platform, format, time, caption, visual direction, CTA), then non-post actions, then the Stories prompt.

Week 1: Supply and legitimacy (12–18 October)

Day 1 — Monday 12 October

Researcher post: R2 "Legit ba 'to? 5 things we will never ask you." Platform: Instagram (researcher account) + Facebook Page. Format: carousel, 6 slides, 1080×1350. Time: 8:30 PM PHT.

Caption (**R2**):

Legit ba 'to? Eto ang 5 bagay na hinding-hindi namin hihingin sa'yo.

Marami nang scam na "work from home". Kaya ito ang pangako namin: wala kaming hihingin na bayad, walang "tasks", walang Telegram, at hindi namin gagamitin ang GCash mo para tumanggap ng pera ng iba. Ang {Brand} ay rehistradong kumpanya sa [DTI/SEC], at ang founder ay si [Founder name] mula Naga City. Kung may tanong, message us dito or email [support@domain].

Swipe para makita ang lahat ng lima. Apply link sa bio.

{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].

**freelancingph #onlinejobsph
#workfromhomeph #scamalert
#pinoyfreelancer**

Visual: slide 1 headline on dark card; slides 2–6 one red-X line each ("No registration fee", "No 'tasks' paid per click", "No Telegram group", "No using your GCash to receive other people's money", "No earnings screenshots as proof"); slide 7 is the legitimacy block with the founder's photo. CTA: "Apply" link in bio → /apply?

utm_source=ig&utm_campaign=r2.

Creator post: none. Creator account Stories only.

Non-post actions

1. Post the OnlineJobs.ph listing (template in section 4). Free posting; title "Content Researcher (Short-Form Video) — paid per idea, part-time, remote". Log the posting time; OnlineJobs.ph applications land in email.
2. DM the admins of "Online Filipino Freelancers", "Filipino Freelancer Online Home Based Job" and "Startup PH: Jobs" using the admin DM template. Ask permission for a tutorial post, not a job ad. Do not post in any group before a yes.
3. Create the Facebook group "{Brand} Researchers PH": private, questions on join ("Have you done content research before? Paste one link to a video you'd pitch and why."), cover 1640×856, rules pinned (no earnings screenshots, no referral spam, no reselling ideas), legitimacy block in the About text.
4. Set the Facebook Page and Instagram bios on both accounts: one sentence, link, and the legitimacy line on the Philippine side.

Stories prompt (researcher): founder to camera, 15 seconds, "Bukas na ang applications. Valid ID at isang sample research lang ang kailangan." Link sticker to /apply. **Stories prompt (creator):** repost slide 2 of the C1 carousel with "Coming this month" text.

Day 2 — Tuesday 13 October

Researcher post: Facebook group welcome post (N-R01). Platform: "{Brand} Researchers PH" group, pinned. Format: text + the legitimacy block image. Time: 8 PM PHT.

Caption (N-R01):

Welcome sa {Brand} Researchers PH. Basahin mo muna 'to bago mag-pitch.

Ito ang group para sa mga researcher na gustong kumita per proven idea. Walang bidding, walang fee para sumali, walang tasks. Ganito ang gagawin natin dito:

1. Lingguhang briefs mula sa creators (US, UK, AU) at mula sa amin mismo sa unang mga linggo.
2. Tips kung paano pumasa sa filter: source account under 100K followers, 500K+ views, posted within the year, viral sa US o Europe, kayang gayahin gamit ang phone.
3. Results Monday: tuwing Lunes, ipo-post namin ang totoong numero ng nakaraang linggo. Walang screenshot ng kita ng iba, dashboard mo lang ang proof.

Rules: walang earnings screenshots, walang referral spam, walang pagbebenta ng ideas sa labas ng platform. Mag-comment ng niche mo (finance, fitness, iba pa) para ma-tag ka sa tamang briefs.

{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].

Visual: legitimacy block image (R2-legitimacy-block.png). CTA: comment your niche; apply link.

Creator post: LinkedIn founder post (N-C01). Platform: LinkedIn (founder profile; repost to company page). Format: text + one image (locked-card mock). Time: 9:30 AM ET (9:30 PM PHT).

Caption (N-C01):

Agencies pay Filipino content researchers \$300–\$2,500 a month to find videos that already worked. Most solo creators can't.

That gap is what we're building for. {Brand} is a marketplace where a creator or an agency posts a short brief, funds it, and ID-verified researchers in the Philippines pitch ideas that already got 500K+ views from accounts under 100K followers. Each pitch card shows the proof (platform, source views, source followers) before you pay. Unlocking a card reveals the hook, the format, the edit steps with timings, the audio and a caption, written for someone filming on a phone.

Three things we decided early: - Pay per idea (\$5–\$15 typical), no subscription. - 72 hours to dispute anything not as described; funds are held by our payment partner until you approve. - Researchers are rated by what happened after you posted, not by stars.

We're recruiting researchers now and opening to 100 founding creators later this month. If you run short-form for clients and want to see a sample brief and pitch, comment "brief" and I'll send one.

shortformcontent #creatoreconomy #socialmediaagency

Visual: locked-card mock, crisp proof row, blurred idea. CTA: comment "brief" → founder DMs the one-page PDF draft; profile link to waitlist with `utm_source=linkedin`.

Non-post actions

1. Confirm the waitlist page is live with the give-1-get-1 mechanic wired (both sides get one free unlock when the referred creator funds a budget). Create UTM links per channel: ig, fb, fbgroup, onlinejobs, reddit, linkedin, email, tiktok, ads.
2. Create the Friday measurement sheet (section 4) with Day 5 as the first row.
3. Check the OnlineJobs.ph inbox; reply to every applicant within 24 hours with the apply link.

Stories (researcher): screenshot of the group's pinned rules with "Join the group" link. **Stories (creator):** poll, "How many hours a week do you spend looking for ideas? <2 / 2–5 / 5+".

Day 3 — Wednesday 14 October

Researcher post: R1 "Kumita per proven idea. Walang bidding." Platform: Instagram Reel + Facebook Reel + TikTok. Format: 20–30 second Reel, 1080×1920, founder or a real researcher at a desk, phone in hand, headline text, "Registered: [DTI/SEC name and number]" footer. Time: 9 PM PHT.

Caption (**R1**):

Kumita per proven idea. Walang bidding, walang fees to join.

Marunong ka bang maghanap ng viral na Reels at TikToks? Sa {Brand}, creators mula US at UK ang nagpo-post ng briefs, ikaw ang magpi-pitch ng proven ideas, at babayaran ka per idea na na-unlock. No bidding, no Connects, no fees to join. Payout sa GCash, Maya o bank after a 72-hour hold. Apply with a valid ID and sample research. Link in bio.

{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].

Visual: no logo in the first 3 seconds; open on the face and the line "Kumita per proven idea"; keep text out of the top 250 px and bottom 400 px. CTA: apply link in bio.

Creator post: C1 "Spent your weekend looking for one video idea?" Platform: Instagram (creator account), cross-post to Facebook Page (creator) and Threads. Format: carousel, 5 slides, 1080×1350. Time: 10 AM ET (10 PM PHT).

Caption (**C1**):

Spent your weekend looking for one video idea?

Verified researchers in the Philippines find videos that got 500K+ views from accounts under 100K followers, then write you the hook, the shot list and the audio steps so you can film it tomorrow. You see the proof before you pay, and you pay per idea, not per month. Founding creators get 2 free unlocks. Link in bio.

utm_source=ig&utm_campaign=c1.

Non-post actions

1. Start Reddit participation in r/NewTubers, r/PartneredYoutube and r/CreatorsAdvice under the guidelines in section 4: answer "how do I find ideas" questions with the five-point filter, no link, affiliation in the profile bio and disclosed when asked. Target: 3 useful comments a day, zero links this week.
2. Reply to every application within 24 hours. Rejections get one reason and an invitation to re-apply with a better sample.

Stories (researcher): 3-frame "how to submit a sample research" (screenshot of the apply form, example of a good sample, what fails). **Stories (creator):** slide 2 of C1 as a Story with "Proof shows. Idea hidden." and a link sticker.

Day 4 — Thursday 15 October

Researcher post: tutorial post in the first group that said yes (N-R02). Platform: large freelancer Facebook group (with admin permission; if no admin has said yes yet, post it in the own group and hold). Format: text post, one image (the five-point filter graphic). Time: 8:30 PM PHT.

Caption (N-R02):

Paano ako naghahanap ng viral format na kayang gayahin ng beginner (tutorial, hindi job ad).
Marami ang nagtatanong kung paano maging content researcher para sa short-form agencies. Eto ang proseso na ginagamit ng mga agency na nagbabayad ng \$800+ a month sa Filipino researchers:

1. Hanapin ang video na sumikat dahil sa idea, hindi dahil sikat ang gumawa. Filter: source account under 100K followers, 500K+ views.
2. Posted within the last year. Under 3 months ang pinakamaganda.
3. Viral sa US o Europe, kasi doon ang audience ng karamihan ng clients.
4. Kayang gayahin gamit ang phone at CapCut. Kung kailangan ng studio o sikat na mukha, skip.
5. Isulat ang raw numbers: "1.2M views from a 40K-follower account", hindi "30x".

Tapos sulatin ang brief: thought process, format, 3-second hook, edit steps na may seconds, audio, notes, CTA na may "Follow", caption.

Praktis: pumili ng isang niche (fitness o personal finance), maghanap ng 3 videos na pasado sa lahat ng lima, at i-comment dito ang link ng isa at kung bakit pasado. Mag-reply ako sa bawat isa.

(Full disclosure: nagtatayo ako ng platform na nagbabayad per proven idea para sa ganitong research. Nasa comments ang link, with permission from the admins. Hindi ito requirement para sa tutorial.)

{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].

Visual: five-point filter graphic (R4-proven-idea.png slide 1 or a one-image summary). CTA: comment with a link; founder replies to each; {Brand} link in the first comment only.

Creator post: C2 "This card is locked for a reason." Platform: Instagram static + X/Threads (same copy, no hashtags on X). Format: 1080×1080 static, one pitch card, crisp proof row, blurred idea, small padlock, micro-copy "Unlock reveals the hook, breakdown and source". Time: 9:30 AM ET.

Caption (C2):

This card is locked for a reason.

Ideas aren't protected by copyright. That's why researchers won't show you theirs on Fiverr until you've paid, and why you can't check the proof. On {Brand} the proof is public and the idea is locked. Source views, source followers, format and platform are on the card. The hook, the breakdown and the source link appear when you unlock, and your money goes to the researcher only then. 72 hours to dispute if it isn't as described.

**contentstrategy #videoideas
#tiktokcreator #instagramreels
#creatortools**

Visual: C2-locked-card.png . CTA: link in bio → /how-it-works .

Non-post actions

1. Follow up with group admins who have not replied (one polite nudge, then stop).
2. Approve the first researchers who pass the ID check and sample research. Target: first 5 approvals today. Each gets a welcome DM: "Approved. Walang brief pa this week; gamitin ang Swipe file (/swipe) para mag-ipon ng 5 ideas na pasado sa filter. Lunes magbubukas ang unang briefs."
3. Log admin outcomes (yes / no / no reply) in the metrics sheet.

Stories (researcher): repost the tutorial post with "Mag-comment ng link mo, sasagutin ko". **Stories (creator):** the locked card with a "Tap to see what unlock reveals" arrow to the next frame showing the brief fields.

Day 5 — Friday 16 October

Researcher post: R4 "Ano ang 'proven idea'?" Platform: Instagram + Facebook Page. Format: carousel, 5 slides + legitimacy slide, 1080×1350. Time: 9 PM PHT.

Caption (R4):

Hindi lahat ng viral ay pwedeng i-pitch. Eto ang filter.

Ang hinahanap ng creators ay videos na sumikat dahil sa idea, hindi dahil sikat ang gumawa. Kaya ang filter: source account under 100K followers, 500K+ views, posted within the year, viral sa US o Europe, at kayang gayahin gamit ang phone. Ilagay ang raw numbers sa card ("earned 1.2M views from an account with 40K followers"), hindi "30x". Pass all five, then pitch.

{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].

contentresearcher #freelancingph #viralvideo #shortformvideo #onlinejobsph

Visual: one rule per slide with a large number; final slide "Fail one, don't pitch it." then the legitimacy block. CTA: save this; apply link in bio.

Creator post: none (Friday is outside the US window). Stories only.

Non-post actions

1. **Weekly metrics review #1** (30 minutes, fill the Friday sheet): applications by source, approvals, group admin outcomes, waitlist signups by UTM, Reddit comments posted and replies received, LinkedIn comment count on N-C01. Decide: which group tutorial post performed; which niche is getting more applicants.
2. **Product Hunt prep step 1:** create or clean up the founder's Product Hunt maker profile; follow and genuinely comment on 5 creator-tool launches; start a "hunters and supporters" list (name, handle, relationship). No launch date yet.
3. Send a short Friday note in the FB group: "[N] applications this week, [N] approved. Lunes ang unang briefs."

Stories (researcher): "Quiz: pasado ba 'to?" with a real public video example and a poll (Pasado / Hindi); reveal in the next frame. **Stories (creator):** "What would you want in a brief?" question sticker.

Day 6 — Saturday 17 October

Researcher post: "Apply checklist" static (N-R03). Platform: Instagram + Facebook Page. Format: 1080×1080 static. Time: 8 PM PHT.

Caption (**N-R03**):

Ano ang kailangan para ma-approve? Tatlong bagay lang.

1. Valid government ID (para sa ID verification; hindi namin ini-store ang photo nang matagal, verification result lang).
2. BIR Certificate of Registration kung meron ka na; kung wala pa, pwede kang mag-apply at i-upload ito bago ang unang payout. Required ito ng Internet Transactions Act para sa lahat ng online sellers.
3. Isang sample research: isang video na pasado sa 5-point filter, plus ang brief mo (hook, format, edit steps, audio, CTA, caption).

Hindi kami humihingi ng bayad, hindi kami nagpapadala ng "tasks", at hindi namin kailangan ang GCash mo hangga't wala ka pang kinita. Review time: [2–3] working days.

Visual: bold offer card, "Waitlist open", "2 unlocks free", "Give 1, get 1". CTA: waitlist link in bio, `utm_campaign=waitlist`.

Non-post actions

1. Approve batch 1 (target 10–15 researchers across the two niches). Send each the welcome DM and the group link.
2. Designer: finish week-2 assets (R3, C3, brief-template graphic, webinar static). Editor: storyboard R5 and the 15-second demo for Monday recording.

1. Reply to every comment and DM from the week.
2. Write the 5 house briefs for Monday (3 personal finance, 2 fitness) using the brief template at `/briefs/new`: hook type wanted, reference videos, things to avoid, deliverable, \$8 per idea, \$40 budget each. Keep them realistic; these will be shown publicly.
3. Record raw footage for R5 (screen recording of the money flow) and the 15-second locked-card demo.

Week 2: Education and first house briefs (19–25 October)

Day 8 — Monday 19 October

Researcher post: R3 "Magkano ba talaga?" Platform: Instagram + Facebook Page + own group. Format: carousel, 4 slides + legitimacy slide. Time: 9 PM PHT.

Caption (**R3**):

Magkano ba talaga ang kikitain mo? Simple lang ang math.

Kapag 40 ideas mo ang na-unlock sa isang buwan at \$8 bawat isa, \$320 'yan, minus 10% fee, \$288 o mga ₱16,700 (depende sa rate). Hindi 'yan guaranteed; ang kinikita mo ay depende sa kung ilan ang pinili ng creators. Pero walang hourly rate na nagde-dictate, at ang magagaling na researcher sa agencies ngayon ay kumikita ng \$800–\$1,100 a month full-time.

2. Onboarding email to all approved researchers (subject: "Unang briefs, bukas na"): link to the 5 briefs, the filter, the brief template, the 72-hour hold explanation, and the webinar date (Saturday 8 PM PHT).
3. Start the time-to-first-pitch clock for each brief in the metrics sheet.

Stories (researcher): screenshot of the briefs feed with "5 briefs, bukas na. Pitch ka na." **Stories (creator):** "Our first briefs went live today. Here's what one looks like." (screenshot, idea blurred).

Day 9 — Tuesday 20 October

Researcher post: FB group post "First briefs are live" (N-R04). Platform: own group. Format: text + screenshot. Time: 8 PM PHT.

Caption (N-R04):

Live na ang unang 5 briefs. Eto ang gusto naming makita sa pitch mo.

Tatlo sa personal finance, dalawa sa fitness, \$8 per idea. Bago ka mag-pitch:

- Basahin ang "things to avoid" sa brief. Pinakamadalas na dahilan ng pass: hindi binasa.
- Isang idea per pitch card. Raw numbers sa proof row.
- Hook muna sa unang linya ng brief mo. Kung hindi mo kayang sabihin ang hook sa 3 seconds, hindi pa 'yan hook.
- Gamitin ang Swipe file (/swipe): kung "fits 2 open briefs" ang lumabas, one-click prefilled pitch.

Kapag nag-pass ang creator, may dahilan na nakalagay. Basahin at i-adjust, hindi personal 'yan. Tanong? Comment dito.

{Brand} is operated by [Company legal name], [DTI/SEC Reg. No.]. Founder: [Founder name], Naga City. Support: [support@domain].

CTA: pitch now.

Creator post: C3 "A tool gives you a link. A researcher gives you a plan." Platform: Instagram carousel (creator) + LinkedIn (same caption, hashtags trimmed to 3). Format: 4 slides. Time: 9:30 AM ET.

Caption (C3):

A tool gives you a link. A researcher gives you a plan.

1of10, vidIQ and Viewstats are great at finding videos that outperformed. They can't tell you whether the idea or the creator's face did the work, whether the format is saturated, or how to recreate it with a phone and CapCut. A {Brand} brief does all three, in plain English. One Sandcastles month buys you five ideas a human already verified.

Visual: split screen tool vs brief; the brief checklist; "Written for beginners. No studio, no editor."; price tiles "\$29–\$69/month for a tool" vs "\$8 for one idea a human already verified". CTA: waitlist link.

Non-post actions

1. Reddit: 3 comments. If someone asks what you use, you may now mention the platform by name with a disclosure, still no link unless asked.
2. Invite 10 researchers to each house brief who haven't pitched yet (invited researchers see the brief outside their niches).
3. Check fill rate on the 5 briefs at 24 hours.

Stories (researcher): "[N] pitches in 24 hours" (real) + "Sino pa?" **Stories (creator):** slide 4 of C3 as a Story with a poll "What do you pay for research tools today?".

Day 10 — Wednesday 21 October

Researcher post: R5 "Paano dumating ang pera?" Platform: Instagram Reel + TikTok + Facebook Reel; also a 4-slide carousel version on the Page. Format: 20–30 second screen recording. Time: 9 PM PHT.

Caption (R5):

Paano dumating ang pera? Eto ang buong daloy, step by step.

Ganito ang daloy ng pera sa {Brand}. Binabayaran muna ng creator ang budget bago pa niya makita ang pitches mo, at hawak ito ng aming payment partner. Kapag in-unlock ang idea mo, pumapasok ang kita sa "Pending" for 72 hours (dispute window), tapos "Available". Withdraw sa GCash, Maya o bank kapag umabot ng \$20 (~₱1,160), o sumama sa free monthly batch payout.

Creator post: 15-second locked-card demo (N-C03). Platform: Instagram Reel (creator) + TikTok + YouTube Shorts. Format: per the report's 15-second brief (no voice, captions, low-volume track). Time: 10 AM ET.

Caption (N-C03):

Proof shows. Idea hidden. 15 seconds on how a locked card works.

Every pitch card shows the platform, the source views and how small the source account was, before you spend anything. Tap unlock and \$8 moves from your budget to the researcher, and the brief opens: hook, shot list with timings, audio, CTA, caption. Written for a phone and CapCut. Not as described? Day 11 — Thursday 22 October

Researcher post: none (Stories only).

Creator post: LinkedIn post "The brief template" (N-C04). Platform: LinkedIn (founder). Format: text + brief-template checklist graphic. Time: 9 AM ET.

Caption (N-C04):

The brief template short-form agencies use, and why we made every researcher follow it.

If you've hired a content researcher, you've seen the format: thought process, format, three-part hook, edit steps with seconds, audio steps, notes, a CTA containing "Follow", and a caption. It exists because an idea without steps is just a link.

On {Brand} that template is the pitch. Researchers can't submit a card without it. Buyers see the proof row first (platform, source views, source followers) and the full brief after unlock. It means an agency can hand an unlocked card straight to an editor.

Attached: the checklist. Use it with your own team, with or without us.

**shortformcontent #contentmarketing

CTA: comment "PDF" for the one-page agency sheet.

Non-post actions

1. First 10 agency DMs on LinkedIn (template in section 4). Target list: founders of short-form agencies serving coaches and personal brands, podcast clipping teams, TikTok Shop strategists. Attach the one-page PDF draft (brief → pitch → unlock → results, with a sample tracking sheet).
2. Log DMs sent, replies, calls booked.

Stories (researcher): "Tanong ng araw: ano ang pinakamahirap sa pitch mo?" question sticker; reply publicly to 3.

Stories (creator): the checklist graphic, "Save this".

Day 12 — Friday 23 October

Researcher post: "8 parts ng isang pitch" carousel (N-R05). Platform: Instagram + Facebook Page + group. Format: carousel, 9 slides + legitimacy slide (one part per slide). Time: 9 PM PHT.

Caption (**N-R05**):

8 parts ng isang pitch na nau-unlock. Kulang ng isa, pass.

1. Thought process: bakit gumana ang original (idea, hindi mukha).
2. Format: talking head, POV, list, skit, screen recording.
3. Hook, three parts: ang sinasabi, ang nakikita, ang text on screen sa unang 3 seconds.
4. Edit steps na may seconds: "0–3 s hook, 3–12 s setup, 12–25 s payoff".
5. Audio: trending track o voiceover, at kailan papasok.
6. Notes: ano ang iwasan, ano ang pwedeng palitan para sa niche ng creator.
7. CTA na may "Follow".
8. Caption na handa nang i-paste.

Ang proof row (platform, source views, source followers, post date) ay nakikita ng creator bago mag-unlock. Ang walo ay nakikita pagkatapos. I-save mo 'to at gamitin bilang checklist.

Non-post actions

1. **Weekly metrics review #2.** Key questions: fill rate on the 5 house briefs (3+ pitches within 48 h?), time to first pitch, pitches per active researcher, approved researchers who have not pitched (DM them), waitlist signups by channel, agency DM replies.
2. **Go/no-go on the ₱10,000 plan.** Rule from the report: paid spend buys supply cheaply and demand expensively. Launch the Meta researcher-recruitment campaign on Day 16 only if applications are below 20 for the week or below 40 cumulative; otherwise keep the money and revisit on Day 19. The ₱4K affiliate seed goes to one educator regardless, after the Day 17 outreach.
3. **Product Hunt prep step 2:** write the tagline (under 60 characters), the first-comment draft (why we built it, what's different, what we want feedback on) and the 240×240 thumbnail brief for the Designer.

Researcher onboarding webinar outline (45 minutes, Taglish, screen share):

- 0–5 min: who we are. Founder on camera, company name and registration on screen, why the platform exists (agencies already pay \$5–\$10 per vetted idea; solo creators can't hire).
- 5–12 min: how the money flows. Creator funds a budget → payment partner holds it → you pitch → unlock → 72-hour Pending → Available → GCash/Maya/bank at \$20 or free monthly batch. Fees: 10% standard, 7% Verified, 5% Pro.
- 12–22 min: the five-point filter with three live examples (one pass, two fails, with the reason).
- 22–32 min: writing the pitch. The 8 parts, a live rewrite of a weak hook into a strong one, raw numbers not multiples.
- 32–38 min: the dashboard tour. /briefs feed and filters, /swipe swipe file and "fits N open briefs", /pitches, levels (New → Rising → Pro → Top rated), the results loop and what the result multiple on your profile means.
- 38–45 min: Q&A. Prepared answers: BIR COR (required before first payout under the ITA), ID retention (verification result only), what happens on a dispute, whether you can pitch the same idea to two briefs (no), the ambassador ladder (₱300 at the 10th unlock, ₱700 at the 50th).

Creator post: "What a brief looks like" static (N-C05). Platform: Instagram (creator). Format: 1080×1350 static, a real house brief screenshot. Time: 10 AM ET.

Caption (**N-R08**):

Bakit may researcher na 1 sa 3 ang nau-unlock, at may 1 sa 15? Apat na dahilan.

Tiningnan namin ang lahat ng pitches sa unang dalawang linggo. Ang mga nau-unlock ay may apat na common na bagay:

1. Ang hook sa unang linya ay sinasabi na ang payoff ("I saved ₱50K by doing one boring thing"), hindi ang topic ("budgeting tips").
2. Ang proof row ay malinaw at raw: "870K views, 22K followers, posted 6 weeks ago".
3. Ang edit steps ay may seconds. Kapag "intro, then body, then outro" lang, pass.
4. Ang notes ay nagsasabi kung paano i-adapt sa niche ng creator, hindi lang kung ano ang original.

Ang pinakamadalas na pass reason: hindi tugma sa "things to avoid" ng brief. Basahin 'yan bago ang lahat.

Day 25 — Thursday 5 November

Researcher post: none (Stories only).

Creator post: LinkedIn post "It's the bench" (N-C10). Platform: LinkedIn (founder) + X thread. Format: text. Time: 9 AM ET (10 PM PHT).

Caption (N-C10):

Hiring a full-time content researcher costs an agency \$800–\$2,500 a month. Most agencies need one for 6 hours a week.

That's the gap between what short-form agencies need and what the job market sells. A researcher seat is a fixed cost; research demand is lumpy, it spikes when a new client lands and goes quiet in between.

{Brand} is the bench. Post a brief with the client's niche, fund \$40–\$100, and verified Philippine researchers pitch five-idea batches in the format your editors already use. Keep what fits, pass the rest with a reason, and the budget for passed ideas comes back. The researchers you like go into your saved list and get invited first next time.

Format: carousel, 6 slides + legitimacy slide; each slide one weak hook rewritten into a strong one, drawn from real pitches with the researcher's permission or written as generic examples. Time: 9 PM PHT.

Caption (N-R14):

Mahina → malakas. 5 hooks na in-rewrite namin, at kung bakit nau-unlock ang pangalawa.

1. "Budgeting tips for beginners" → "I paid off ₱80K by doing one boring thing every payday."
2. "Home workout ideas" → "No gym for 90 days. This is the only exercise I kept."
3. "How to save money" → "The ₱20 habit that cost me ₱14,000 a year."
4. "Morning routine" → "I tried waking up at 5 AM for 30 days. Day 12 is where it broke."
5. "Side hustle ideas" → "I made ₱3,500 this week doing what I used to do for free."

Pattern: payoff muna, tapos tension, tapos specificity (numero, oras, lugar). Ang topic ay hindi hook. Gamitin 'to sa susunod mong pitch.

4.1 OnlineJobs.ph job post

Title: Content Researcher (Short-Form Video) — paid per idea, part-time, remote, no bidding

Job type: Part-time, freelance (platform marketplace, not employment) **Salary field:** "Per idea: \$5–\$15 per unlocked idea (typical \$8). Not hourly. See description."

Description:

{Brand} is a marketplace where creators and short-form agencies in the US, UK and Australia post briefs, and verified Philippine researchers pitch video ideas that already worked. You are paid per idea the creator unlocks, not per hour and not per task.

What you do. Read a brief (niche, hook type, things to avoid). Find videos that pass our five-point filter: source account under 100K followers, 500K+ views, posted within the last year, viral in the US or Europe, recreatable with a phone. Write a pitch in the standard brief format: thought process, format, three-part hook, edit steps with seconds, audio, notes, CTA, caption. The creator sees the proof row (platform, views, followers) before paying and the full brief after unlocking.

How you're paid. \$5–\$15 per unlocked idea, set by the brief (typical \$8). Standard platform fee 10%, dropping to 7% (Verified) and 5% (Pro) with proven results. Funds are held by our BSP-supervised payment partner from the moment the creator funds the brief. After unlock: 72-hour dispute window, then 7-day clearance (3 days for

Verified/Pro), then withdraw to GCash, Maya or bank at \$20 minimum or in the free monthly batch. Worked example: 40 unlocks × \$8 = \$320, minus 10% = \$288 (≈ ₱16,700 at ₱58/USD). Not guaranteed; your income depends on how many of your pitches creators choose.

What we will never ask. No registration fee. No "tasks". No Telegram group. We never use your GCash to receive other people's money.

Requirements. Valid government ID (for identity verification; we store the verification result, not the image, long-term). BIR Certificate of Registration before your first payout (required by the Internet Transactions Act for online sellers; you can apply now and upload it later). One sample research: a video that passes the filter plus your written brief. Good written English; Taglish is fine with us but briefs are in English.

Niches now: personal finance, fitness. More in month 2.

How to apply. Go to [domain]/apply?utm_source=onlinejobs, upload your ID and sample research. We reply within 2–3 working days with a yes or a reason. Do not send payment details; we will never ask for them before you have earnings.

4.2 Facebook group admin DM

Hi [Admin first name], I'm [Founder name] from Naga City, founder of {Brand} ([Company legal name], [DTI/SEC Reg. No.]).

I'd like to ask permission before posting anything in [Group name]. I'm not asking to post a job ad. I'd like to post a tutorial on how short-form agencies find viral formats that beginners can recreate (the five-point filter and the brief template they pay \$800+/month for), and reply to every member who tries it in the comments. I'd mention my platform once, in a clearly labelled disclosure paragraph, with the link only in the first comment, or not at all if you prefer.

I'm happy to send you the full post text first, and to add anything you want (for example a line that it is not a job offer and that we never charge members). If you'd rather I didn't post, no problem; thank you for keeping the group clean.

4.3 Agency cold DM (LinkedIn)

Hi [First name], I saw your post about [specific thing they posted, one line]. Quick one, no pitch deck.

I run {Brand}, a marketplace where ID-verified Philippine researchers pitch five-idea batches for short-form clients in the format your team already uses (proof row, hook, edit steps with seconds, audio, CTA, caption). You pay per batch (\$40–\$100) instead of per hire; the budget for ideas you pass on comes back; 48 hours to first pitches is our target.

I've attached a one-pager with a real sample batch and tracking sheet. If one of your clients is in [niche], I'll fund a \$40 trial brief in that niche so you can judge the pitches before spending anything. Worth 20 minutes this week?

[Founder name], {Brand} · [domain]/agencies

Follow-up (one only, 5 days later): "Leaving this here in case it got buried: the trial brief offer stands until [date]. If it's not a fit, a 'no' helps me too."

4.4 Founding-creator waitlist email

Subject: You're in: 2 free unlocks, and the first briefs are live **Preview text:** Fund your first brief from \$20. Proof before payment. 72 hours to dispute.

Hi [First name],

Thanks for joining the {Brand} waitlist. We're opening to 100 founding creators today, and you're on the list.

What it is. Post a short brief (niche, hook type, things to avoid), fund it from \$20, and ID-verified researchers in the Philippines pitch you ideas that already got 500K+ views from accounts under 100K followers. Each card shows the proof before you pay. Unlock a card (\$5–\$15, typically \$8) and you get the hook, the format, edit steps with timings, audio, CTA and a caption, written for a phone and CapCut.

What founding creators get. - 2 free unlocks when you fund your first brief. - Give 1, get 1: refer a creator and you both get another unlock when they fund theirs. Your link: [referral link]. - A direct line to me for the first month: reply to this email and I read it.

What you're protected by. Funds are held by our payment partner until you approve. 72 hours to dispute anything not as described. Pass on a pitch with a reason and that budget stays yours. No subscription, ever.

So far: [N] verified researchers in personal finance and fitness, [N] briefs filled, [N]% of briefs got 3+ pitches within 48 hours. [Delete this paragraph if you don't have real numbers.]

Post your first brief: [domain]/briefs/new?utm_source=email&utm_campaign=founding

4.6 UGC creator outreach DM (creator educators, 10K–100K followers)

Hi [First name], I've watched your [specific video/post] and it's exactly the kind of practical advice our users need. I'm [Founder name], founder of {Brand}: creators post a brief, verified Philippine researchers pitch proven ideas, you pay per idea with the proof visible first. We're opening to 100 founding creators and I'd like you to be one of our first affiliates.

The offer: \$50 in credits so you can try it on your own channel (no card), a unique link, and 25% of {Brand}'s fee on everything your referrals spend for 12 months (paid from our fee, never from researchers' pay). Your audience gets 2 free unlocks through your link. If you want to make a video about it, we'll pay a fair flat rate on top, with full disclosure on screen; if you'd rather just share your honest result after trying it, that's fine too, and if it doesn't work for you, say so.

Can I send you the credits and link today?

4.7 Five-question researcher onboarding survey

Send on Day 20 to every approved researcher. Two minutes, one response each.

1. Saan mo kami unang nakita? (Facebook group / OnlineJobs.ph / Instagram / TikTok / referral / iba)
2. Mula nang ma-approve ka, ano ang pinakamahirap? (Paghahanap ng briefs na bagay sa niche ko / pag-intindi sa filter / pagsulat ng brief / walang feedback kapag na-pass / pag-withdraw / iba: _____)
3. Ilang oras per week ang kaya mong ilaan sa research? (<3 / 3–6 / 6–12 / 12+)
4. Alin sa mga ito ang pinaka-gusto mong madagdag sa Month 2? (Saved-search alerts / Request a variation sa bawat unlock / Response-time badge / Mas maraming niche / Pro subscription ₱499 / iba)
5. Mula 1 hanggang 10, gaano mo irerekomenda ang {Brand} sa isang kaibigang researcher, at bakit? (number + one line)

4.8 Meta ad copy variants and budgets (₱10,000 plan)

From the report's ₱10,000/month plan: ₱6,000 to Philippine recruitment ads, ₱4,000 to one micro-creator affiliate seed (the Day 17 UGC outreach, not Meta). The ₱6,000 is split across two Meta campaigns, launched Day 16 only if the Day 12 review says applications are short. Expected (not guaranteed): at ₱75–₱120 CPM, ₱6,000 buys roughly 50–80K impressions → 350–800 clicks at 0.5–1% CTR → 40–100 applications at 10–15%.

Campaign A — Researcher recruitment PH (traffic/conversions to /apply) - Budget: ₱4,500 over 15 days (₱300/day), Days 16–30. - Audience: Philippines, 20–40, interests: freelancing, OnlineJobs.ph, Upwork, Fiverr, virtual assistant, social media marketing, CapCut, video editing; exclude current applicants (custom audience from /apply visitors who submitted). - Placements: Facebook and Instagram feeds + Reels; manual placements, no Audience Network. - Creatives: R1 Reel, R2 carousel (first 4 slides), N-R03 checklist static. - Landing: /apply?utm_source=meta&utm_campaign=recruit .

PRIMARY TEXT (3)	HEADLINES (3)
A1: "Kumita per proven idea. Walang bidding, walang fees to join. Creators mula US at UK ang nagpo-post ng briefs; ikaw ang magpi-pitch; bayad per idea na na-unlock, payout sa GCash. Rehistradong kumpanya: [Company legal name], [Reg. No.]."	H1: "Content researcher, paid per idea"
A2: "Legit ba? Walang registration fee, walang tasks, walang Telegram, hindi namin gagamitin ang GCash mo para sa pera ng iba. Apply with a valid ID and one sample research. Founder: [Founder name], Naga City."	H2: "No fees. No tasks. GCash payout."
A3: "40 ideas na na-unlock × \$8 = \$320, minus 10% = \$288 (~₱16,700). Hindi guaranteed, pero walang hourly rate na nagde-dictate. Marunong ka bang maghanap ng viral na Reels at TikToks? Apply."	H3: "Marunong kang maghanap ng viral? Apply."

Campaign B — Legitimacy video views PH (video views / ThruPlay, retargeting warm-up) - Budget: ₱1,500 over 15 days (₱100/day), Days 16–30. - Audience: Philippines, 20–40, same interests; plus retargeting of anyone who engaged with the researcher Page/IG in the last 30 days or visited /apply without submitting. - Creatives: R5 "Paano dumating ang pera" Reel; N-R13 UGC-3 Reel once recorded (Day 24); R2 carousel as a backup. - Landing: /apply?utm_source=meta&utm_campaign=legit .

PRIMARY TEXT (3)	HEADLINES (3)
B1: "Paano dumating ang pera? Creator funds the brief → payment partner holds it → you pitch → unlock → 72-hour hold → Available → GCash. 25 seconds, panoorin mo."	H1: "Ganito dumating ang pera"
B2: "'Scam ba 'yang {Brand}?' Tanong ng kapatid niya. Eto ang sagot ng isang totoong researcher, with her dashboard on screen. [Only once N-R13 exists.]"	H2: "Scam ba? Panoorin ang sagot."
B3: "5 bagay na hinding-hindi namin hihingin sa'yo. Rehistradong kumpanya, may pangalan at mukha ang founder, support email na sinasagot. Kung may tanong, message us."	H3: "5 things we'll never ask you"

Rules: pause any ad set with CPM above ₱150 or CTR under 0.5% at the Day 19 review; no US creator ads this month (the report's arithmetic: ₱4K–6K buys only ~75–100 US clicks); cap total Meta spend at ₱6,000; log spend, impressions, clicks, applications and approvals from ads separately from organic in the Friday sheet.

4.9 One-page measurement sheet (log every Friday)

5. Rules checklist (apply before every post)

- No invented testimonials, numbers or names. Replace every [bracket] with real data, or delete the sentence or tile it belongs to.
- Legitimacy block on every researcher-facing post, in the caption and on the last slide or corner of the image.
- Instagram hashtags: 5 maximum; LinkedIn 3; none on X.
- Caption under 2,200 characters; first line is a hook under 125 characters.

- Taglish only in researcher captions; creator captions in plain English.
- Never say "escrow". Say "funds held by our payment partner until you approve".
- Earnings always as a worked example with "not guaranteed", never as a promise.
- Format credit on every results post ("Format inspired by @[original creator]; execution original").
- Disclose affiliation on Reddit and in every group tutorial; disclose any payment to a researcher or creator who appears in a video.
- Consent in writing (DM is fine) before naming any researcher, creator or agency, or showing their dashboard or results.
- No posting in a large Facebook group without the admin's yes.
- Nothing goes on a DTI/SEC form, handle or ad account under a name that hasn't cleared the section-6 checks.
